Index to Vol. 2—The Signal Engineer

JUNE, 1909, to MAY, 1910

A	
ABC of Railroad Signaling, The, by W. H. Elliott, Part 1.....	3
ABC of Railroad Signaling, The, by W. H. Elliott, Part 2.....	46
American Railway Engineering and Maintenance of Way Association, The.....	312
Annual Convention of Railway Signal Association.....	192
Application of Electricity to Railway Workings, Translated by W. W. Salmon.....	15
Aerial and Underground Construction, by C. H. Judson.....	426
Association Directory.....	462
Automatic Highway Crossing Signal, by E. W. Vogel.....	174
Automatic Signal and Its Maintainer, The, by W. Kavanah.....	81
B	
Baseball.....	209
Block Signaling on Electric Railways.....	442
Block Signaling Installation on the N. Y. C. & W. R. R.....	283
Block Signal Mileage in the United States.....	277
Block Signals on Sunset Lines.....	96
C	
Changeover from Left to Right Hand Running on the Lake Shore.....	207
Characteristics of Dry Cells.....	57
Chemistry of the Gravity Battery, The.....	416
Collision at Jersey City, November 6, 1909.....	228
Commenting on a Previous Article on Signaling, by T. S. Stevens.....	111
Concerning the Handling of Wire, by Stanley C. Bryant.....	10
Contributed Article—Equivalent Wire Areas.....	9
Current Articles.....	295
D	
Description of the Multiple Unit Electric Interlocking Machine at Sterling, O.....	13
Details of Construction and Maintenance:	
A Handy Special Wrench.....	285
A Fitter's Wrench.....	320
A One Wire Distant Signal Control Circuit.....	317
Another Handy Wrench.....	317
Another Weather-proof Leadout.....	424
An Adjusting Wrench.....	421
Bell Circuit for Three Crossings.....	423
Bonding Manganese Rails.....	393
Checking Repairs.....	284
Convenient Tools for Signal Men.....	451
Crank Arm Drilling.....	422
Crank Drilling Chart.....	318
Cover for Adjustable Bracket of Switch Connections.....	423
Detecting Line Wire Breaks.....	316
Drafting Room Template, No. 1.....	392
Drafting Room Template, No. 2.....	392
Drawbridge Cable Shears.....	319
Drawing Signal Plans.....	453
Drilling for Crank Arms.....	393
Electric Locking Circuit.....	421
Extension Bracket.....	392
Inspection of Apparatus, The.....	422
Installing Compensators.....	422
Instructions for Setting Up Gravity Cells.....	394
Keeping Track of Batteries.....	285
Locating Grounds.....	284
Marking Lock Rods and Bolt Locks.....	317
Normal Danger Wireless Tunnel Signals.....	394
Pick-up and Drop-away Points.....	391
Portable Dry Battery Set.....	284
Renewing Gravity Cells.....	316
Rockershaft Through Foundation Walls.....	317
Spring Contact Binding Posts on Pocket Instruments.....	393
Standard Signal Case Wiring.....	452
Table of Dimensions for Weber Joints.....	424
Tables for Crank Arm Drilling.....	284
Tagging Wires.....	421
Trap Circuit.....	452
Use of Spare Wires in Cables.....	453
Useful in the Drafting Room.....	316
Wooden Foothold.....	422
Drilling Manganese Rails, A. H. Rudd.....	331
Drafting Room Practice in the Signal Department of the Illinois Central R. R. Albert G. Moore.....	306
E	
Editorials:	
A Fine Example.....	191
A Pioneer.....	435
A Record Breaking Year.....	330
An Interesting Report.....	436
A B C of Railroad Signaling, The.....	36
About the Maintainer.....	140
Advantages of the Telephone for Train Dispatching.....	109
All Important Question, The.....	188
Alternating Current and Track.....	36
Application of Electricity to Railway Working.....	1
Block Signals and Legislation.....	257
Brevity vs. Safety.....	299
Circular No. 4 of the Signal Appliance Association.....	109
Comment on the Automatic Stop.....	300
Committee Work for 1910.....	189
Concerning the Promotion of Signaling Education.....	226
Criticising the Block System.....	436
First Electro-Mechanical Machine, The.....	437
First Use of the Telephone for Train Dispatching, The.....	436
General Electric Automatic Signal, The.....	2

How the Telephone is Safer 191
 Increased Responsibilities and Increased Pay..... 226
 Inspection of Apparatus and Materials, The..... 108
 Inspection Trip of the Union Switch & Signal Company 2
 Instructions for Foremen 329
 Location of Next Convention 141
 Luckless Requisites, The 187
 Matter of Renewals, The 226
 Meeting of the Railway Signal Association..... 2
 New Department, The 225
 New Jersey Report on Pennsylvania Collision..... 259
 Personnel of Committees 226
 Probable Report of Committee No. 1..... 107
 Program for the Signal Association Convention.. 141
 Prospects for Signaling in 1910..... 225
 Railroad Month, The 327
 Railway Telegraph and Telephone Appliance Association 328
 Records of Experience 259
 Regarding the Question, "Is Signaling Overrefined" 107
 Regarding Underground Wiring for Signal Purposes 139
 Relation Between Train Dispatching and Signaling Report of Committee No. 1..... 139
 Representative Signal Men 330
 Review of Current Progress in Signaling..... 2
 Signal Wires 329
 Signaling Installed in 1909 258
 Signaling Development in 1909..... 258
 Signaling in Australia 299
 Special Block Signal Issue, The..... 108
 Telephone Train Dispatching..... 36
 Telephone Train Dispatching for Busy Line..... 259
 Train Dispatching and Signaling..... 35
 Two Degrees Instead of Twenty 300
 Uniform Signaling System, The 73
 Upper Left Hand Quadrant Signals..... 1
 "When Doctors Disagree" 187
 Electric Interlocking Indication, by Wm. K..... 331
 Electric Interlocking at "C" St. & Delaware Ave., Washington, D. C., by Jas. H. Cormick..... 22
 Electric Locking Circuit 450
 Electrical Measuring Instruments for Direct Current and Their Use, by R. M. Phinney..... 112
 Electro-Mechanical Interlocking System, by E. K. Post 412
 Equivalent Wire Areas 9
 Essentials for Speed Signaling..... 51
 Exhibits of the Signal Appliance Association, The..... 204

F

Foreign Current 45
 Foreign Current and Its Effect on Track Circuits ... 396

G

General News..... 26, 62, 96, 129, 178, 216, 243, 321
