

# INDEX

Seventh Volume—January, 1914, to December, 1914

## GENERAL INDEX

[Illustrated articles are indicated thus\*. Editorials are indicated thus†]

### A

|  |                |
|--|----------------|
| About Automatic Stops.....   | 94             |
| About the place of meeting.....  | *212           |
| Accidents:   |                |
| In Great Britain.....  | 254            |
| Preventable.....   | 78             |
| Train.....   | 302            |
| Adjustable Resistance for Testing...*  | *308           |
| All-Electric Interlocking at Joliet....  | *135           |
| Allen, W. P.:  |                |
| Automatic Signals on the Pennsylvan-<br>vania.....   | *149, *163     |
| A. C. Signaling on the St. Paul.....   | *228           |
| A. C. Signals on the Rochester &<br>Eastern.....   | *70            |
| Alternating Current Signaling (See<br>Elements of)   |                |
| American Electric Railway Association:<br>Committee Report on Block Sign-<br>als for Electric Railways.... | *327           |
| Convention of.....   | 289            |
| How a Little Dust Throwing<br>Helped.....  | 162            |
| American Signal Practice Compared<br>With British.....   | 271            |
| Anderson, James:<br>Adjustable Resistance for Testing...*  | *308           |
| Annual Block Signal Statistics.....  | 167            |
| Annunciator, Universal Train.....  | *343           |
| Anthony, C. G.:  |                |
| Controlled Manual Block System...*   | *303           |
| Apostrophizing the Signal Light.....   | 84             |
| Arkenburgh, W. H.:   |                |
| Economics of Railway Signaling<br>.....  | *276, 341, 358 |
| A. R. A. Report on Automatic Train<br>Stops.....   | 162            |
| Arrester Box, A New.....   | *87            |
| Ashford, N. Y.:  |                |
| Mechanical Interlocking—B. R. &<br>P. Ry.....  | *241           |
| Associations:<br>See American Electric Railway<br>Association  |                |
| American Railway Engineering<br>Association  |                |
| Illuminating Engineering Society<br>Railway Signal Association   |                |
| Railway Telegraph Superintend-<br>ents' Association  |                |
| Automatic Block Signaling, Economics<br>of.....  | 166            |
| Automatic Block Signals:   |                |
| Automatic Block Signals on the<br>Monon.....   | *64            |
| Automatic Signals at Tehama...*  | *334           |
| A Complicated Signal Installation<br>(C. & N. W.).....   | *258           |
| A. C. Signals on the Rochester &<br>Eastern.....   | *70, *201      |
| A. C. Signals on the Sodus Bay<br>Line.....  | *274           |
| Automatic Signals on the Nickel<br>Plate.....  | *186           |
| Automatic Signals on the Pennsylvan-<br>ia.....  | *149, *163     |
| R. & P. Signal Installation<br>Methods.....  | *337           |
| Correct Theories of Automatic<br>Block Signal Protection.....  | *335           |
| Installing Automatic Signals...*   | *367           |
| Lehigh & Hudson River Auto-<br>matics.....   | *293           |
| Michigan Central Automatics.....   | 200            |
| Operating Capacity of Single-<br>Track Divisions.....  | 146            |
| Proper Handling of Automatic<br>Signal Construction.....   | *368           |
| Puget Sound Electric Railway...*   | *363           |
| Signaling on the New York Center<br>Street Loop.....   | *47            |
| Signaling on the S. P. Electrified<br>Lines.....   | *5             |
| Automatic Block Signals on the Mich-<br>igan Central.....  | 200            |
| Automatic Block Signals on the Monon   | *64            |

|  |            |
|--|------------|
| Automatic Signals on the Nickel Plate                        | *186       |
| Automatic Signals at Tehama.....                             | *334       |
| Automatic Signals on the Pennsylvan-<br>ia.....              | *149, *163 |
| Automatic Control of Trains.....                             | 3          |
| Automatic Signaling on the St. Paul                          | *228       |
| Automatic Signaling, Future of.....                          | 161        |
| Automatic Signaling on Electric Roads                        | *210       |
| Automatic Signaling on the Burling-<br>ton.....              | *307       |
| Automatic Stop, Problem of the.....                          | 233        |
| Automatic Stop Test.....                                     | 120        |
| Automatic Stop, the International...*                        | 152        |
| Automatic Stops:   |            |
| A Reply to Mr. Horne.....                                    | 32         |
| About the Automatic Stop.....                                | 94         |
| A. R. A. Report.....   | 162        |
| Automatic Stops.....   | 1317       |
| Automatic Train Stops in France...*                          | *272       |
| Horne & Crane's.....   | *22        |
| Automatic Stops on the C. & E. I....                         | *329       |
| Automatic Train Control, Miller...*                          | *188, *329 |
| Automatic Train Control (Simultane-<br>ous Elimination)..... | 32         |
| Automatic Train Stops—See Automatic<br>Stops                 |            |
| Automatics, Chester Short Line....                           | *231       |
| Automobile, Engineman and the.....                           | 12         |

### B

|   |           |
|---|-----------|
| Battery Box, Two-Compartment Con-<br>crete.....                               | *336      |
| Battery Boxes, Dustless.....  | 215       |
| Battery Charging Switch, A New...*  | *85       |
| Battery Checking System of the El<br>Paso & South Western.....                | 37        |
| Battery Jars, Cleaning.....   | 81        |
| Battery Test Under Service Condi-<br>tions, Primary.....                      | *74       |
| Baxter, W. A.:  |           |
| Operating Capacity of Single-<br>track Divisions.....                         | 146       |
| Belgian Railways (Signals).....   | 345       |
| Bennett, W. R.:   |           |
| Signaling and Interlocking Prac-<br>tice in India.....                        | *13       |
| Better than Bogie.....  | 46        |
| Black, Nelson M., M. D.:  |           |
| The Physiology of the Eye and<br>Its Relations to Railway Sign-<br>aling..... | 141       |
| Blades:   |           |
| Simmons Steel Enameled Signal...*   | *224      |
| Saco Enameled Steel Signal.....   | *158      |
| Blakey, J. H.:  |           |
| Repetition Signals on French<br>Roads.....                                    | 25        |
| Block Circuit, A Sub-divided.....   | 73        |
| Block Signaling, Economics of.....  | 1160      |
| Block Signal Mileage Record.....  | 58        |
| Block Signals for Electric Railways,<br>Committee Report A. E. R. A....       | *327      |
| Block Signals on the Rochester &<br>Eastern.....                              | *201      |
| Block Signals Ordered in Louisiana...*  | 29        |
| Block Signal Statistics.....  | 1160, 167 |
| Blow Torch, Kerosene.....   | *282      |
| Bluff Point:<br>R. S. A. Convention.....                                      | 311       |
| Bodwell, P. G.:   |           |
| "Pilot Coil" for Locating Shunts...*  | 81        |
| Bond, Standard.....   | *371      |
| Bond Wires (Happy Thought).....   | 55        |
| Boston:<br>Serious Congestion at North Sta-<br>tion.....                      | 68        |
| Bradshaw, V. A.:  |           |
| "Call for Mr. Rowell".....  | 63        |
| Bridge-Meggers for Testing Insulation   | *23       |
| British Signal Practice Compared<br>With American.....                        | 271       |
| Broken Joint Trouble.....   | *82       |

### C

|  |      |
|--|------|
| Brooklyn:  |      |
| First Hall Electric Interlocking...*                 | *262 |
| Brooklyn Rapid Transit Co.:                          |      |
| First Hall Electric Interlocking..                   | *262 |
| Signaling on the New York Center<br>Street Loop..... | *47  |
| Buffalo, Rochester & Pittsburgh Ry.:                 |      |
| Interlocking Plant at Ashford,<br>N. Y.....          | *241 |
| Signal Installation Methods.....                     | *35  |

  

|   |      |
|---|------|
| Cables, Identifying the.....  | *56  |
| Cable Box Platform, Special.....  | *274 |
| Cab Signals:  |      |
| Automatic Train Signals in France   | *272 |
| Repetition Signals on French<br>Roads.....  | *26  |
| "Call for Mr. Rowell".....  | 63   |
| Canadian Pacific Railway:<br>Windsor St. Electric Interlocking                          | *352 |
| Capacity of Single-Track Divisions,<br>Operating.....                                   | 146  |
| Capital Requirements, Reducing By<br>Installing Automatics.....                         | 1256 |
| Capstan Wheel Interlocker.....  | 125  |
| Caring for the Track Cell.....  | 110  |
| Carter, A. T.:  |      |
| A Crossing Bell Circuit.....  | *81  |
| Central R. R. of New Jersey:<br>Interlocking at Jersey City, N. J.                      | 200  |
| Champion Driller, The.....  | 69   |
| Channel Pin, Duplex.....  | *29  |
| Charging Lines, Grounds On.....   | *82  |
| Charging Report, Storage Battery...*  | 215  |
| Checking Locking, A Help In.....  | 54   |
| Chester Short Line Automatics.....  | *231 |
| Chicago & Eastern Illinois R. R.:   |      |
| Automatic Stops.....  | *329 |
| Chicago & Northwestern Ry.:   |      |
| Complicated Signal Installation...*   | *258 |
| New Signals.....  | 155  |
| Signal Instruction.....   | *138 |
| Chicago, Burlington & Quincy R. R.:   |      |
| Automatic Signaling.....  | *307 |
| Chicago, Indianapolis & Louisville Ry.:   |      |
| Automatic Block Signals on the<br>Monon.....  | *64  |
| Chicago, Milwaukee & St. Paul Ry.:  |      |
| A. C. Signaling.....  | *229 |
| Cincinnati, New Orleans & Texas<br>Pacific:   |      |
| Automatic Stop Test On.....   | 120  |
| Circuit, A Crossing Bell.....   | *81  |
| Civil Service Commission, U. S.:  |      |
| Junior Signal Engineer.....   | 155  |
| Clamp for Straightening Battery<br>Plates.....  | *134 |
| Clayton, M. M.:   |      |
| Signal Drafting.....  | 246  |
| Cleaning Battery Jars.....  | 81   |
| Clever Ideas and Practical Sugges-<br>tions—See "Suggestions for<br>the Practical Man." |      |
| Cold Weather and Concrete.....  | 38   |
| Collision, The Tipton-Ford.....   | 271  |
| Collision of Passenger Trains:<br>"Not His Alone".....                                  | 58   |
| Committee Work, Good.....   | 1159 |
| Commutator Cleaner, New.....  | *336 |
| Complete Data for Drawing Up Plans,<br>Importance of Having.....                        | 1287 |
| Complicated Signal Installation, A...*  | *253 |
| Concerning the New President.....   | *339 |
| Concrete and Cold Weather.....  | 38   |
| Concrete Reminders.....   | 48   |
| Confessions of a Maintainer.....  | 248  |
| Confidence.....   | 209  |
| Confidence in the Signal System.....  | 227  |
| Congestion at North Station, Boston...*   | *68  |
| Constructing a Mechanical Plant....   | 335  |
| Construction Gang, P. B. & W.....   | *240 |

Construction Material, Distribution of Signal 318  
 Construction Work—See "Contest," also "Methods Used in Signal Construction"  
 Construction—Installing Automatic Signals \*367  
 Construction, the Proper Handling of Automatic Signals \*367  
 Construction:  
 B. R. & P. Signal Installation Methods \*35  
 Contest on Construction Methods, 195, 1226  
 Contest Prizes, Award of, 1317  
 Continuous Crossing, Interlocked, 250  
 Cotter Pins, Inspecting 215  
 Controlled Manual Block System, \*303  
 Controversy Over Western Passenger Traffic 340  
 Co-operation Between Signal and Engineering Departments 1287  
 Co-operation, Organized 1288  
 Cooper, T. J.:
