

Thirty-Fourth Volume—From January, 1941, to December, 1941

General Index

[Illustrated articles are indicated thus*. Editorials are indicated thus†]

A

Accidents:
 Alton at Wilmington, Ill. 611
 Chicago Great Western at Leavenworth, Kan. 472
 Crossing fatalities highest in ten years 624
 Illinois Central near Delaware, Iowa 370
 M. P. freight train and K. C. S. passenger at Fuller, Kan. 562
 Pennsylvania and G. T. W. at Grand Trunk, Ind. 564
 Reading at Weston-Manville, N. J. 90
 Seaboard Air Line at Zephyrhills, Fla. 479
 U. P. at Edson, Wyo. 90
 Virginian, at Kumis, Va. 427
 All-Relay Signal System:
 T. R. R. of St. L. at St. Louis, Mo. *419
 Alton:
 Accident at Wilmington, Ill. 611
 Interlocking and automatic signals at Wann, Ill. *295
 American Locomotive Company:
 Construction 494, 576
 American Short Line Railroad Association:
 Objects to I. C. C. manual block rules 330
 American Steel & Wire Company:
 Book entitled "Rail Bonds for Power and Signal Circuits" 380
 Booklet entitled, "Amarine Non-Leaded Submarine Cables" 270
 Association of American Railroads:
 Crossing fatalities highest in ten years 624
 Objects to I. C. C. manual block rules 330
 Signal Section annual convention. *547
 Signal Section proceedings. 264
 Telegraph & Telephone Section annual convention. *559
 Atchison, Topeka & Santa Fe:
 Carrier communication equipment installed 669
 Exhibit presented to Museum of Science and Industry. *81
 Automatic Block Signaling:
 Chesapeake & Ohio installs C. T. C. and 24
 C. N. S. & M. installs between Indian Hill, Ill., and Glencoe. 368
 St. L.-S. F. at Sapulpa, Okla. *82
 St. L. S. W. on 47 miles between Ilmo, Mo., and Dexter Junction 533
 Tunnel protection on D. & S. L. *853
 Wabash, between Tolono, Ill., and Tilton *184
 Automatic Block Signals:
 See signals
 Automatic Interlocking:
 See interlocking
 Automatic Signals:
 Alton, at Wann, Ill. *295

B

Barriers:
 M. C. crossing protection at Marshall, Mich. *253
 Batteries:
 At low temperatures. 674
 Mixing stick. *373
 Storage, new book describing applications 673
 Belt Railway of Chicago:
 Interlocking at 75th street and Loomis boulevard, Chicago. *662
 Bessemer & Lake Erie:
 Construction 626
 Bonds:
 Testing impedance. *430
 Boston & Albany:
 Construction 48, 270, 576
 Boston & Maine:
 Construction 210
 Crossing protection in Hoosick Falls, N. Y. *480

Bridges:
 Cables on. 92
 British Railways:
 War on the. *421
 Buda Company:
 Motor car, new. *624
 Bureau of Safety:
 I. C. C. annual statistics. 426
 Butte, Anaconda & Pacific:
 Construction 210

C

Cables:
 On bridges. 92
 Signal mast. *620
 Skinner. *873
 Submarine, splicing. *609
 Cables Strap:
 Railroad Accessories Corp. *44
 Canadian National:
 Construction 210, 324, 440
 Canadian Pacific:
 Construction 270
 Card Holder:
 Switch circuit controller tests. *373
 Car Retarders:
 L. & N. installs at DeCoursey yard, Ky. *74
 Centralized Traffic Control:
 C. & O. at Lindsay, Va. *658
 Chesapeake & Ohio installs automatic block and. *24
 D. & H., between Binghamton, N. Y., and Albany. *467
 D. & R. G. W. along Colorado river M. P., between Hot Springs Jct., Ark., and Etta. *804
 Missouri Pacific installs at Jefferson City, Mo. *80
 Norfolk & Western, between Phoebe, Va., and Forest. *411
 Other communication on same line wires 568
 Pennsylvania, at Louisville, Ky. *602
 Polar relay for. *569
 Protection at hand-thrown switches. †484
 Central Railroad of New Jersey:
 Meeting of Jersey Central Club. 97
 Chesapeake & Ohio:
 Automatic block and C.T.C. between Barboursville, W. Va., and Peach Creek. *24
 Centralized traffic control at Lindsay, Va. *653
 Chicago & Western Indiana:
 Interlockings, two new at 15th and 16th Streets in Chicago. *127
 Chicago, Burlington & Quincy:
 Protection at 38 street crossings in and near Rock Island, Ill. *422
 Chicago Great Western:
 Accident at Leavenworth, Kan. 472
 Chicago, Indianapolis & Louisville:
 Changes approved by I. C. C. 44
 Construction 48
 Chicago, Milwaukee, St. Paul & Pacific:
 Construction 270
 Protection at 38 street crossings in and near Rock Island, Ill. *422
 Chicago, North Shore & Milwaukee:
 Automatic block signals installed between Indian Hill, Ill., and Glencoe. *368
 Chicago Rapid Transit Company:
 Splicing a submarine cable. *609
 Chicago, Rock Island & Pacific:
 Protection at 38 street crossings in and near Rock Island, Ill. *422
 Signaling, new. 97
 Chicago Terminal:
 C. & W. I. replaces two new interlockings. *127
 Cia. de Paulista de Estradas de Ferro:
 Construction 48
 Circuits:
 For simplified semi-automatic signaling. *195

Rectifier fed track. 38
 Shunt. *203
 Splicing a submarine cable carrying Cleveland, Cincinnati, Chicago & St. Louis:
 Sodium lights make grade crossing safer. *303
 Coded Track Circuits:
 N. & W. between Phoebe, Va., and Forest, 22 mi. *411
 Color-Light Signals:
 Flashing-yellow as a fourth aspect on I. C. *612
 Communication:
 Carrier equipment installed on A. T. & S. F. *669
 Communication Circuits:
 Jack strip, Western Railroad Supply Co. *624
 Commutators:
 Guard. *87
 Construction:
 Signaling, 1940 increases. *17
 Conventions:
 Signal Section, A.A.R., annual. *547
 Telegraph & Telephone, A.A.R., annual. *559
 Cotters and Pins:
 Removing. 373
 Crossing Protection:
 At 38 street crossings in and near Rock Island, Ill. *422
 B. & M. in Hoosick Falls, N. Y. *480
 Highway, signal relays. *486
 M. C. installs at Marshall, Mich. *253
 Neon and fluorescent lights for crossing gates on N. & W. *446
 Overlapped approaches. *667
 Power outage lights. *621
 Sodium lights make grade crossings safer. *303
 T. R. R. of St. L. at May Street, St. Louis, Mo. *419

D

Davenport, Rock Island & Northwestern:
 Protection at 38 street crossings in and near Rock Island, Ill. *422
 Dead Sections: 1618
 Dearborn Chemical Company:
 Traveling NO-OX-ID machine. *150
 Delaware & Hudson:
 C. T. C. between Binghamton, N. Y., and Albany. *467
 Delaware, Lackawanna & Western:
 Petition denied by I. C. C. 97
 Denver & Rio Grande Western:
 C. T. C. along Colorado river. *540
 Construction 210, 270
 Denver & Salt Lake:
 Automatic signaling and tunnel protection. *353
 Department of the Interior:
 Construction 210
 Detroit, Toledo & Ironton:
 Automatic interlocking installed at Morris, Ohio. *362
 Drawbridges:
 S. P. installs interlocking at. *476

E

E. I. du Pont de Nemours & Company:
 Construction 324
 Thomas A. Edison, Inc.:
 New primary cell. *819, *565
 Editorial Comment:
 A new frontier. †371
 A review of 1940 and prospects for the future. †35
 A simplified signaling arrangement for the direction of trains by signal indications. †136
 Locks for spring switches. †428
 Non-stop permissive signals. †256, †672

Protection at hand-thrown switches in C.T.C. territory.....	†484	D. L. & W. petition denied.....	97	Fairmont Railway Motors, Inc., for signal maintenance.....	*622	
Protection for Dead Sections.....	†618	Manual block regulations.....	80	Hub or wheel extractor.....	*485	
Rule 204.....	†73	Manual block rules, objections to...	330	Jack for repairs.....	*619	
Signaling and the national defense.....	†313	Pennsylvania application to tempo- rarily restore manual block de- nied.....	208	Track cleaner.....	*677	
Signaling as affected by changes in freight traffic.....	†563	Rule 204.....	†73	Museum of Science and Industry: A. T. & S. F. railroad exhibit.....	*81	
Electric Locking: With no derrails.....	*481	J			N	
Electro-Motive Corporation: Construction.....	270, 380, 494, 576	Jersey Central Club: Meeting.....	97	National Carbon Company, Inc.: New primary cell.....	*568	
Engines: Motor cars, starting.....	145	Jumpers: Spring.....	*314	National Defense: Signaling and.....	†313	
Erie: Personnel changes.....	51	Kansas City Southern: Accident at Fuller, Kan.....	562	New Books: Railroad Operation and Railway Sig- naling.....	673	
Exhibits: A. T. & S. F. railway, presented to Museum of Science and Industry.....	*81	Automatic Interlocking near Cedar Grove, La.....	*656	Railway Signaling and Communica- tions Installation and Mainte- nance.....	144	
Extractor: Hub or wheel.....	*485	K			Storage Batteries.....	673
F		Kinks: Adjusting lamp brackets.....	314	New Developments: Signaling.....	*547	
Fairbanks, Morse & Company: New one-man motor car.....	*622	Automatic lock for shop door.....	*149	Telegraph and telephone.....	*559	
Fairmont Railway Motors, Inc.: Motor cars for signal maintenance....	*622	Battery mixing stick.....	*373	New Devices: A round-wound transformer.....	*374	
Fansteel Metallurgical Corporation: Bulletin on Fansteel-Sola transform- ers.....	678	Cable Skinner.....	*373	Arrester relay.....	*565	
Frost: In switch machines.....	*206	Card holder.....	*373, *677	Bond rail grinder.....	*567	
Fuses: Tongs.....	*91	Commutator guard.....	*37	Cable strap.....	*44	
G		Compress.....	*619	C.T.C. and other communication on same line wires.....	568	
Gages: Switch test.....	*145	Determining the location of a ground	*91	Code-following P-4 relay.....	*572	
General Electric Company: Cables for railway signaling use.....	438	Emergency track shunt.....	*203	Code-following polar stick track cir- cuit relay.....	*572	
General Railway Signal Company: Polar relay for C.T.C.....	*569	Fuse tongs.....	*91	Grinder for longitudinal rail head slotting.....	*150	
Roller bearing for switches.....	*565	Hammer hack saw.....	*37	Ground Tester.....	*89	
Type-B1 rectifier.....	*567	Hub or wheel extractor.....	*485	Jack strip, Western Railroad Supply Co.....	*624	
Grade Crossings: Fatalities highest in ten years.....	624	Locating wires.....	*619	Metal foundation for cases.....	*566	
Grand Trunk Western: Accident at Grand Trunk, Ind.....	564	Motor car jack.....	*619	Motor cars for signal maintenance....	*622	
Great Northern: Construction.....	210, 324	Motor car track cleaner.....	*677	New lightning arrester.....	*566	
Grounds: Determining the location of Tester.....	*91 *89	Overlapped crossing approaches.....	*677	New motor car, Buda Company.....	*624	
H		Paint container.....	*314	New one-man motor car.....	*622	
Hack Saw: Hammer.....	*37	Point lug spring.....	*203	New primary cell.....	*319, *565, *568	
Hand-saws: Filing vise.....	*149	Portable d-c. test set.....	*485	Polar relay for C.T.C.....	*569	
Highway Crossing Protection: See crossing protection		Removing rusted cotters and pins....	373	Raco clearview lightning arrester....	*202	
Hunkin-Conkey Construction Co.: Construction.....	380	Repairs and salvage.....	*429	Ratings of copper-oxide rectifiers in- creased.....	568	
I		Saw filing vise.....	*149	Relay and housing.....	*567	
Illinois Central: Accident near Delaware, Iowa.....	370	Shunt circuit.....	*203	Relay for broken-down insulated joint protection.....	*565	
Automatic telephone system on Chi- cago Terminal Area.....	*473	Spring jumper.....	*314	Roller bearing for switches.....	*565	
Construction.....	626	Switch scraper made from garden hoe.....	*91	Sectional signal foundations.....	*258	
Flashing-yellow as a fourth aspect...	*612	L			Sectional steel instrument house.....	*569
Indiana Harbor Belt: Construction.....	48	Lamp Brackets: Adjusting.....	314	Track Grinder.....	*150	
Entrance-exist interlocking replaces mechanical plant at 55th street in Chicago.....	*244	Lamp Failures: Hazards.....	260	Traveling NO-OX-ID machine.....	*150	
Inspection Cards: Holder.....	*677	Lamps: Track model.....	260, 375	Type-B1 rectifier.....	*567	
Instrument Cases: Metal foundations for.....	*566	Lightning Arrester Boxes: Locating wires.....	*619	New York & Long Branch: Construction.....	380	
Instrument Houses: Sectional steel.....	*569	Lightning Arresters: Porous block signal, new Raco Clearview by Railroad Access- ories Corporation.....	*566 *202	New York Central: Construction.....	440	
Insulated Cables: Splices & tapes for rubber.....	576	Testing.....	621	New York, Chicago & St. Louis: Construction.....	576, 626	
Insulation: Neoprene jacketed wires and cables...	*191	Lights: Neon and fluorescent, for crossing gates on N. & W.....	*446	New York, New Haven & Hartford: Construction.....	440, 678	
Interlockings: Alton, at Wann, Ill.....	*295	Sodium, make grade crossing safer...	*303	Norfolk & Western: C.T.C. installed between Phoebie, Va., and Forest.....	*411 322	
Automatic, installed by St. L.-S. F. at Holdenville, Okla.....	*808	Lima Locomotive Works: Construction.....	322, 440	Construction.....	322	
Automatic, installed on D. T. & I. at Morris, Ohio.....	*362	Line Material Company: Round-wound transformer.....	*374	Neon and fluorescent lights for crossing gates.....	*446	
Automatic, K. C. S. near Cedar Grove, La.....	*656	Line Wires: C.T.C. and other communication on same.....	568	O		
Belt Ry. of Chicago at 75th street and Loomis boulevard, Chicago.....	*662	Locks: Automatic, for shop door.....	*149	Office of Price Administration: Asks equipment manufacturers to freeze prices.....	678	
C. & W. I. replaces two new inter- lockings in Chicago.....	*127	Spring switches, for.....	†428	Ohio Brass Company: Insulator Catalog No. 24.....	100	
Entrance-exit, replaces mechanical plant on I. H. B. at 55th street in Chicago.....	*244	Louisville & Nashville: Construction.....	210, 324, 440, 678	Oil Buffers: Water in.....	146	
Lamp failure hazards.....	260	Installs retarders in DeCoursey yard, Ky.....	*74	Okonite Company: Bulletin entitled, "Splices & Tapes for Rubber Insulated Cables".....	576	
Protection for dead sections.....	†618	M			Neoprene jacketed wires and cables..	*191
Remote control at North Fond du Lac, Wis., on the Wisconsin Central (M. St. P. & S. S. M.)....	*181	Mall Tool Company: Bond rail grinder.....	*567	Open Forum: Simplified signaling.....	201	
Restored to service at St. Louis Union Station.....	*239	Track grinder.....	*150	P		
St. L.-S. F. at Sapulpa, Okla.....	*82	Manual Block: I. C. C. regulations.....	80	Paint: Aluminum.....	259	
S. P. at drawbridge near Baldwin, La.....	*476	No application needed to restore....	208	Container.....	*314	
Interstate Commerce Commission: Annual statistics.....	426	Manual Block Rules: Objections to.....	330	Panama Railway: Construction.....	268	
Approves Monon changes.....	44	Meetings: Jersey Central Club.....	97	Passing Tracks: Field circuits for simplified semi- automatic signaling.....	*195	
Bureau of Safety annual report.....	88	Metal Foundations: U. S. & S. for instrument cases....	*566	Pennsylvania: Accident at Grand Trunk, Ind.....	564	
		Michigan Central: Crossing protection at Marshall, Mich.....	*253	C.T.C. at Louisville, Ky.....	*602	
		Minneapolis, St. Paul & Sault Ste. Marie: Construction.....	626	I. C. C. denies application to tempo- rarily restore manual block.....	208	
		Remote control installation at North Fond du Lac, Wis., on the Wis- consin Central.....	*181	Peoria & Pekin Union: Construction.....	678	
		Missouri Pacific: Accident at Fuller, Kan.....	562	Pere Marquette: Construction.....	678	
		C.T.C. installed at Jefferson City, Mo.....	*30	Spring switch installed at Michigan City, Ind.....	*133	
		C.T.C. installed between Hot Springs Jct., Ark., and Etta.....	*304	Permacrete Products Corporation: Catalogs describing its products for the railway signaling field.....	51	
		Construction.....	626	Piedmont & Northern: Construction.....	440	
		Motor Cars: Buda Company, new.....	*624	Pittsburgh & Lake Erie: Construction.....	100	
		Engines, starting.....	145			
		Fairbanks, Morse & Company, new one-man.....	*622			

Pole Lines:
 Break arms..... 206
 Prevention of signal line wires from coming in contact with other wires..... *259
 Power Outages:
 Light indication of..... *621
 Primary Battery:
 Mixing stick..... *878
 Primary Cells:
 Thomas A. Edison, Inc., new Eveready Type 8-500, National Carbon Company, Inc..... *819
 New, Thomas A. Edison, Inc..... *568
 *565

R

R. S. & I. Applications..... 51, 100, 156, 210, 270, 324, 382, 440, 576
 Rail Grinder:
 Bond, Mall Tool Co..... *567
 Railroad Accessories Corporation:
 Cable strap..... *44
 Catalog of railway signal materials..... 626
 Lightning arrester..... *202
 Railroad Concrete Products Company:
 Sectional signal foundations..... *258
 Railroad Operation and Railway Signaling..... *40, *94, *147, *261, *376, *432, *487
 Book by E. J. Phillips Jr..... 678
 Railway Equipment:
 Manufacturers asked by O.P.A. to freeze prices..... 678
 Railway Track-Work Company:
 Grinder for longitudinal rail head slotting..... *150
 Reading:
 Accident at Weston-Manville, N. J. 90
 Rectifiers:
 Copper-oxide, ratings increased..... 568
 G. R. S. Co. Type B-1..... *567
 Relays:
 A-c. slow-release vane..... *675
 Armatures and electromagnet air-gaps..... *205
 Arrester..... *566
 Code-following P-4, U. S. & S. Co..... *572
 Code-following polar stick track circuit..... *572
 Excessive ballast leakage..... 146
 G.R.S. Polar, for C.T.C..... *569
 Highway crossing signal..... *486
 Joint protection, broken down insulated..... *565
 Polarized, and housing..... *567
 Readjustment of d-c track circuit..... 486, *315
 Testing a-c..... *315
 Remote Control:
 Interlocking at North Fond du Lac, Wis., on the Wisconsin Central (M. St. P. & S. S. M.)..... *181
 T. & P. near Alexandria, La..... *599
 Repairs:
 Salvage, and..... *429

S

St. Louis-San Francisco:
 Automatic interlocking installed at Holdenville, Okla..... *308
 Installs interlocking and automatic block at Sapulpa, Okla..... *82
 St. Louis Southwestern:
 Signaling on 47 miles between Illmo. Mo., and Dexter Junction..... *538
 St. Louis Union Station:
 Interlocking restored to service..... *239
 Salvage:
 Repairs, and..... *429
 Saw:
 Hammer hack..... *87
 Scraper:
 Switch, made from garden hoe..... *91
 Seaboard Air Line:
 Accident at Zephyrhills, Fla..... 479
 Construction..... 494
 Shortages:
 Wire and cable reels, cases and spools..... 264
 Shunt:
 Loss of..... *38
 Signal Aspects:
 Flashing-yellow as a fourth aspect on I. C..... *612
 Signal Foundations:
 Sectional reinforced concrete..... *258
 Signal Indications:
 Simplified signaling arrangement for direction of trains by..... †136
 Signaling:
 A New Frontier..... †371
 Applications for changes..... 57, 100, 156, 212, 270, 324, 382, 442, 494, 576, 630, 682
 As affected by changes in freight traffic..... †568
 Automatic, and tunnel protection on the D. & S. L..... *853
 Batteries at low temperature..... 674
 Book, Railroad Operation and Railway Signaling..... 673
 C. R. I. & P., new..... 97
 Construction increases 1940..... *17
 Field circuits for simplified semi-automatic..... *195

National defense and..... †318
 Replaces interlocking on Pennsylvania at Louisville, Ky..... *602
 St. L. S. W. on 47 miles between Illmo, Mo., and Dexter Junction..... *538
 Simplified arrangement..... 201
 Simplified arrangement for direction of trains by signal indication..... †136
 Signal Lamps:
 Adjusting..... 814
 Signal Lenses:
 Cleaning..... 92
 Signals:
 Automatics installed on Wabash between Tolono, Ill., and Tilton..... *184
 D-c. test set, portable..... *485
 Flashing light, on B. & M. in Hoosick Falls, N. Y..... *481
 Flashing yellow as fourth aspect on I. C..... *612
 Mast cables..... *620
 Mounting of dwarf..... 487
 Non-stop permissive..... †256, †672
 Non-stop permissive on the Union Pacific..... *300
 Position-light, focusing..... *93
 Remotely-controlled, on T. & P. near Alexandria, La..... *599
 Simmons-Boardman Publishing Corporation:
 Book entitled Railroad Operation and Railway Signaling by E. J. Phillips Jr..... 678
 Southern Pacific:
 Interlocking at drawbridge near Baldwin, La..... *476
 Construction..... 210
 Spring Switch Buffers:
 Compress for dismantling or assembling..... *619
 Spring Switches:
 Locks for..... †428
 Statistics:
 Interstate Commerce Commission, annual..... 426
 Signaling construction..... *17
 Spring Switches:
 Pere Marquette installs at Michigan City, Ind..... *138
 Storage Batteries:
 Testing..... *146
 Submarine Cable:
 Splicing..... *609
 Switch Circuit Controllers:
 Card holder for tests..... *378
 Point lug spring..... *208
 Switches:
 Bulletin describing electric heaters for outdoor railroad track..... 576
 Point chipping..... 204
 Position protection..... *375
 Protection at hand-thrown, in C.T.C. territory..... †484
 Remotely-controlled on T. & P. near Alexandria, La..... *599
 Roller bearing for..... *565
 Test gage..... *145
 Switch Machines:
 Frost in..... *206
 Mounting..... 40
 Switch Plates:
 Scraper made from garden hoe..... *91
 Switch Points:
 Chipping..... 204

T

Telephone and Telegraph Communication:
 Equipment installed on A. T. & S. F..... *669
 Telephone Communication:
 Automatic, on I. C..... *478
 Terminal Railroad Association of St. Louis:
 All-relay signal system at St. Louis, Mo..... *419
 St. Louis Union Station interlocking restored to service..... *239
 Testing:
 A-c. relays..... *315
 Impedance bonds..... *430
 Lightning arresters..... 621
 Storage batteries..... *146
 Testing Equipment:
 Emergency track shunt..... *208
 Ground tester..... *89
 Portable d-c. test set..... *485
 Switch gage..... *145
 Test Set:
 Emergency..... *37
 Texas & Pacific:
 Remote control near Alexandria, La..... *599
 Track Circuits:
 Readjustment of d-c..... 486, 676
 Rectifier fed..... 38
 Track Shunts:
 Emergency self-holding..... *208
 Trade Publications:
 American Steel & Wire Co. book entitled "Rail Bonds for Power and Signal Circuits"..... 380
 American Steel & Wire Company booklet entitled, "Amarine Non-Leaded Submarine Cables"..... 270
 G. E. Co. covering cable for signaling use..... *438
 Ohio Brass Company Insulator Catalog No. 24..... 100

Okonite Company new bulletin entitled "Splices & Tapes for Rubber Insulated Cables"..... 576
 Permacrete Products Corp. issues catalogs describing its products..... 51
 Railroad Accessories Corporation catalog of railway signal materials..... 626
 Westinghouse Electric & Manufacturing Company..... 576
 Westinghouse Electric & Manufacturing Co. bulletin describing equipment for signal power lines..... 152
 Train Stops:
 Elimination, U. P. installs non-stop permissive signals..... *800
 Non-stop permissive signals reduce..... †672
 Transformers:
 Round-wound, by the Line Material Company..... *374

U

Union Pacific:
 Accident at Edson, Wyo..... 90
 Construction..... 322
 Non-stop permissive signals between Cheyenne, Wyo., and Buford..... *800
 Union Railway:
 Construction..... 151
 Union Switch & Signal Company:
 C.T.C. and other communication on same line wires..... 568
 Code-following P-4 relay..... *572
 Code-following polar stick track circuit relay..... *572
 Construction..... 492
 Metal foundation for cases..... *566
 Ratings of copper-oxide rectifiers increased..... 568
 Relay and housing..... *567
 Relay for broken-down insulated joint protection..... *565
 Sectional steel instrument house..... *569

V

Virginian:
 Accident at Kumis, Va..... 427
 Construction..... 440, 494
 Visas:
 Hand-saw filing..... *149

W

Wabash:
 Automatics installed between Tolono, Ill., and Tilton..... *184
 Western Railroad Supply Company:
 Arrester relay..... *566
 Jack strip..... *624
 Westinghouse Electric & Manufacturing Company:
 Bulletin describing equipment for signal power lines..... 152
 Bulletin R-998 describing electric heaters for switches..... 576
 Construction..... 440
 New lightning arrester..... *566
 What's the Answer:
 A-c. slow-release vane relays..... *675
 Aluminum paint..... 259
 Batteries at low temperatures..... 674
 Break arms..... 206
 Cables on bridges..... 92
 Cleaning signal lenses..... 92
 Electric locking with no derails..... *481
 Excessive ballast leakage..... 146
 Focusing position-light signals..... *93
 Frost in switch machines..... *206
 Highway crossing signal relays..... *486
 Lamp failure hazards..... 260
 Loss of shunt..... *88
 Motor car engines..... 145
 Mounting of dwarf signals..... 487
 Pole Lines..... *259
 Power outage lights..... *621
 Readjustment of d-c track circuits..... 486, 676
 Rectifier fed track circuits..... 38
 Relay armatures and electromagnet air-gaps..... *205
 Signal mast cables..... *620
 Switch machine mounting..... 40
 Switch point chipping..... 204
 Switch position protection..... *375
 Switch test gages..... *145
 Testing a-c. relays..... *315
 Testing arresters..... 621
 Testing impedance bonds..... *430
 Testing storage batteries..... *146
 Track model lamps..... 260, 375
 Water in buffer..... 146
 Wheeling & Lake Erie:
 Construction..... 100, 151, 626
 John Wiley & Sons, Inc.:
 Book entitled, "Storage Batteries"..... 678
 Wires:
 Locating..... 619
 Wires and Cables:
 Neoprene jacketed..... *191
 On signal masts..... *620
 Shortage of reels, cases and spools..... 264
 Wisconsin Central:
 Remote control installation at North Fond du Lac, Wis. (M. St. P. & S. S. M.)..... *181
